# **TRANSITION, VAPOR & VENT SUMPS**

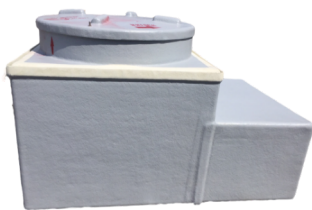

✓ **Fiberglass Construction**

✓ **Durable & Long-lasting**

✓ **30-Year Warranty**

✓ **Single or Double Wall**

## **TRANSITION SUMPS**

Available in all shapes and sizes, these durable sumps are ideal for below ground piping or transitioning from above to below ground.

## **VAPOR POTS**

Solves problems associated with long piping runs. Useful when sufficient piping fall is not possible due to slope or grade.

## **VENT SUMPS**

For use from above to below ground piping within a foot-traffic area. Sumps includes factory installed vent fittings.
