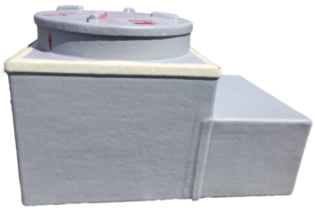
TRANSITION, VAPOR & VENT SUMPS

- ✓ Fiberglass Construction
- ✓ Durable & Long-lasting
- ✓ 30-Year Warranty
- ✓ Single or Double Wall



TRANSITION SUMPS

Available in all shapes and sizes, these durable sumps are ideal for below ground piping or transitioning from above to below ground.

VAPOR POTS

Solves problems associated with long piping runs. Useful when sufficient piping fall is not possible due to slope or grade.

VENT SUMPS

For use from above to below ground piping within a foot-traffic area. Sumps includes factory installed vent fittings.
